## DETAILED ACTION

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 17- 30 and 32-36 are rejected under 35 U.S.C. 102(b) as being anticipated by Hickman (1225955).

Hickman discloses the claimed invention as recited in claims 1-14. Hickman discloses a tooth brush having a brush head having two compartments (figs.1&3), flexible brushes (9) with curved brushes (fig.3), detachable head (7&8 having external walls), and a handle (1&A) which is pivotally mounted. The H-shaped and V-shape are generally shown.

The external wall is going to have a first and second position which do not overlay.

3. Claims 17- 25 and 27-36 are rejected under 35 U.S.C. 102(b) as being anticipated by Burki (3732589).

Burki discloses the claimed invention as recited in claims 1-14. Burki discloses a tooth brush having a brush head having two compartments (figs.2&3), a motor

(41), flexible brushes (31-33) with curved brushes (fig.2), detachable head (35 with parts 31 and 32 being attached to gear 38 which causes them to pivot about an axis and having external walls), and a handle (37&41) which is pivotally mounted.

### ***Response to Arguments***

1. **Applicant's arguments filed 10/3/08 have been fully considered but they are not persuasive.**

a. The claims have been reviewed and it does not appear that what is being claimed is any different with the exception of combining rejected claims together. The arguments were reviewed but they did not add anything to the claims to make the claims read over the prior art. Therefore rejections have been made.
